

Working Capital for Healthcare Professionals

Fast, No-Hassle Working Capital

We have the ability to finance your working capital needs **unsecured, up to \$200,000**. However, if you need more capital, as many health professionals do, we can help you fund **up to \$3,000,000** secured. This means that you can have the working capital that you need to grow your practice to a whole new level. **We're more flexible than banks** and we cater our financing programs to medical professionals.

We can customize a finance program for **any licensed healthcare professional** with a **Fair Isaac of 600** or better in a variety of loan and revolving credit line programs, including debt consolidation, equipment finance, acquisitions and start ups and working capital. Our programs are available to doctors, dentists, surgeons, optometrists, veterinarians, chiropractors, nurses, any licensed professional.

As a candidate for medical financing, we can approve you within 24 hours and have the funds in your hands within a week, and in some cases, **as soon as 48 hours**. The sooner you apply, the sooner you can have your money.
